HOMEWORK ASSIGNMENT
MLA FORMAT REQUIRED

BPA1015 – Classis Pastry

Chef Marcia Kramer

The PPT is due day 5.
Students are required to turn in an electronic of the PPT via turnitin.com
Students are required to turn in a hard copy of PPT as 6 slides per page on day 5
Presentations will occur on day 6 and/or 7 depending on time during class.

French Regional research: This is a group project for 2 people (choose your partner wisely!) and each group will select a different region of France based on the list below. It is first come, first served for topic choices.
Research one of the following regions of France

Auvergne-Rhône-Alpes
Brittany
Bourgogne-Franche-Comté
Centre-Val de Loire
Corsica
French Guiana
Grand Est
Guadeloupe
Hauts-de-France
Île-de-France
Martinique
Mayotte
Normandy
Nouvelle-Aquitaine
Occitanie
Pays de la Loire
Provence-Alpes-Côte d'Azur
Réunion

1) After selecting a region of France, you will need to research topics listed below and then give an oral presentation about the material you researched on day 6 or 7. The PPT portion is due day 5 in class as a hard copy and as an electronic copy via turnitin.com

2) Research should include the following
   a. Name of the region
   b. Geography of the region
   c. Top 5 largest cities in the region
   d. Demographics (Characteristics such as race, ethnicity, gender, age, education, profession, occupation, income level, and marital status, are all typical examples of demographics)
   e. Agricultural products from this region
   f. Types of industries in this region
   g. Local events/celebrations of the region
   h. 5-10 regional savory dishes
   i. 5-10 regional pastry items
   j. Any fun facts

3) Presentation should be 5-10 minutes speaking time and both group members should present information equally.

4) Create a PPT presentation with parenthetical or in-text references and a works cited page on or before day 5 of class. Every slide that contains factual information must be cited for each source utilized. Pictures must also be properly cited
5) Works cited page should be submitted as a separate word document and not included in the PPT. Full URL’s are required.

6) One student should submit the PPT and one should submit the works cited page electronically. Due day 5

7) The hard copy should be submitted as six slides per page, horizontal, with a portrait orientation. Due day 5

8) Students should staple the PPT, followed by the works cited page and the last page should be the grade sheet. **Staple** the packet in the upper left hand corner and submit 1 packet for each group. No folders or binder clips will be accepted.

9) PPT should have a minimum of 5 pictures, 15 slides, and introductory slide with identifying information. Pictures must also be cited. Google image search is not the correct citation, go to the original source for citation.

**Failure to cite correctly with both a parenthetical / in-text reference and a works cited page will be considered plagiarism and will result in a grade of 0 for the entire assignment**

Remember to take advantage of the resources on campus in CAS (The Center for Academic Support) and the writing center to assist you in setting yourself up for success.

Practice your presentation at least 5 X prior to presenting so you are prepared to present. Each student should speak equally. So timing is key!

Please refer to the following websites for creating an effective PPT presentation. Limit the amount of data by using bullet points and explaining, rather than putting all data on the slide.
